

# SKYMO KLEEN™ FC1

SPECIALTY CLEANER FOR  
HANGAR FLOORS

**CLEAN FROM BELOW THE  
SURFACE OF THE SUBSTRATE**

## ORGANIC HYBRID SYSTEM

### WHY USE SKYMO KLEEN™ FC1

SKYMO KLEEN™ FC1 is a Deep Cleaning Direct Acting Cleaner and Degreaser specifically design for the active hangar floor.

SKYMO KLEEN™ FC1 is not a concentrate or detergent. It is formulated to be used with automatic, semi-automatic and manual floor cleaning machines.

SKYMO KLEEN™ FC1 will not harm properly applied hangar floor coating or fully cured cement. IT will rapidly and safely remove common floor soils as well as hydraulic fluids (Skydrol, etc.) Engine oils (Synthetic or organic), Most Adhesive drippings, rubber tire marking and uncured paint splatter. FC1 is completely safe with neutral PH of 7 and biodegradable.
